SUMMARY

Fast-shipping Developer and MCA graduate obsessed with building clean, high-performance UIs. Experienced in **React.js**, **JavaScript**, and **SQL**, with a background in data-driven automation. Proven ability to translate complex specs into functional prototypes quickly. Passionate about using **AI-coding workflows** to accelerate product delivery and improve UX flows.

INTERNSHIPS

Associate software developer | Sumpro
- Independently developing a **Resume Builder Web Application**, handling complete feature implementation from frontend UI to backend APIs.
- Designed and implemented **responsive React components**, authentication flows, and database integration with **PostgreSQL**.
- Collaborating with a team on a Naukri-like Job Portal platform, contributing to UI feature with react and system enhancements.
- Participating in code reviews, sprint planning, and **version control** using **Git**.

Data Science intern | VIQASYS INNOVATIONS PVT. LTD.
- Developed Python scripts for data cleaning, preprocessing, and transformation using **Pandas** and **NumPy**.
- Structured and stored processed datasets into relational **MySQL databases**.
- Automated repetitive data processing tasks to improve workflow efficiency.
- Applied file handling techniques (CSV, Excel) to manage and manipulate large datasets.
- Built **Power BI** dashboards to present insights from structured financial-style datasets.

PROJECTS

Responsive Blogging Website | *link*
- Built a fully responsive blogging website frontend using **React.js**, **Vite**, and **Tailwind CSS**, implementing a modern UI/UX with reusable components (Navbar, Footer, BlogCard, Hero, etc.).
- Developed multiple pages: Home, Blog Detail, and User Profile — ensuring seamless navigation and consistent layout across responsive breakpoints for desktop and mobile.

Portfolio Website | *link*
- Developed a personal portfolio website to showcase professional projects and skills.
- Implemented responsive UI using **React.js**, **TypeScript** and **Tailwind CSS** for mobile and desktop views.

TECHNICAL SKILLS

- **Language:** Python (Core Python, OOP), JavaScript
- **Frontend:** Html, CSS, REACT, Tailwind
- **Data & Backend:** SQL (MySQL, PostgreSQL), Django, RESTAPI.
- **Automation & Data:** Pandas, NumPy, File Handling (CSV/JSON), Data Cleaning
- **Concepts:** Data Structures, Algorithms (Basics), Error Handling, Modular Coding
- **Tools:** Git, GitHub, VS Code, Docker, Figma, Canva

EDUCATION

MASTER of COMPUTER APPLICATION | *8.49 CGPA*   **2024**
Vivekananda Global University – Jaipur
Bachelor of COMPUTER APPLICATION | *67.4 %*   **2021**
Jaipur National University – Jaipur
